BRIAN DYKSTRA

THE JESUS FACTOR

EXTENDED

"Brian Dykstra is working hard to turn ranting into a new genre. If he succeeds comedy may not be safe!" - THE VILLAGE VOICE

Brian Dykstra's rage ignites in *The Jesus Factor*, an uncensored, outrageously funny show about religious hypocrisy and power. His last solo show received was hailed by critics in New York, but did land him on several watch-lists including the NRA and Rush Limbaugh. The conservative talk show host put the word out against Dykstra as an "enemy"—but of course Limbaugh never actually saw the show.
